## Technical Document Distribution

<b>Brand:</b>	<b>HH</b>	
<b>Model</b>	<b>Bass Baby</b>	
<b>Product:</b>	<b>Amplifier</b>	
<b>Description:</b>	<b>Service Schematic</b>	<b>Dated: 1980</b>

Musicparts Document Number: 41588

TechTips: 0

Pages: 4

Hello,

Welcome to MusicParts.Com, Inc. your online resource for technical documents and service information. This PDF package may contain information, schematics, parts lists, images, engineering changes, previous versions, circuit descriptions, and many other unique features about the product you have chosen. This document was assembled from a variety of sources and is the result of our many years in the music repair business.

TECHTIPS: Unique to Musicparts documents are **TECHTIPS** located in critical areas on the schematics. They contain useful information about that area of the schematic such as common problems that we have found and recommended changes. Not all documents will have TechTips.

NOTE: Large original over-sized drawings will need to be taped together. We feel this is better than reducing them and losing fine details.

VIEWING: This document is utilizing PAGE-ON-DEMAND downloading. This will let you navigate to any page without waiting for the entire file to download.

PRINTING: For the best quality, we highly recommend that when the print dialog appears, please **make sure "SHRINK OVERSIZED PAGES " is checked.**, otherwise you may cut off the edge of the page. Also please stay online while printing this document to make sure you get all the pages.

## Two Sheet Pasteup Guide

11x17" paper size

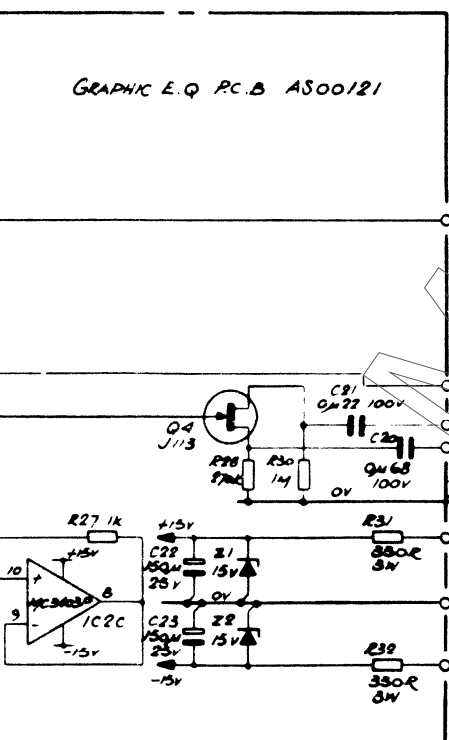

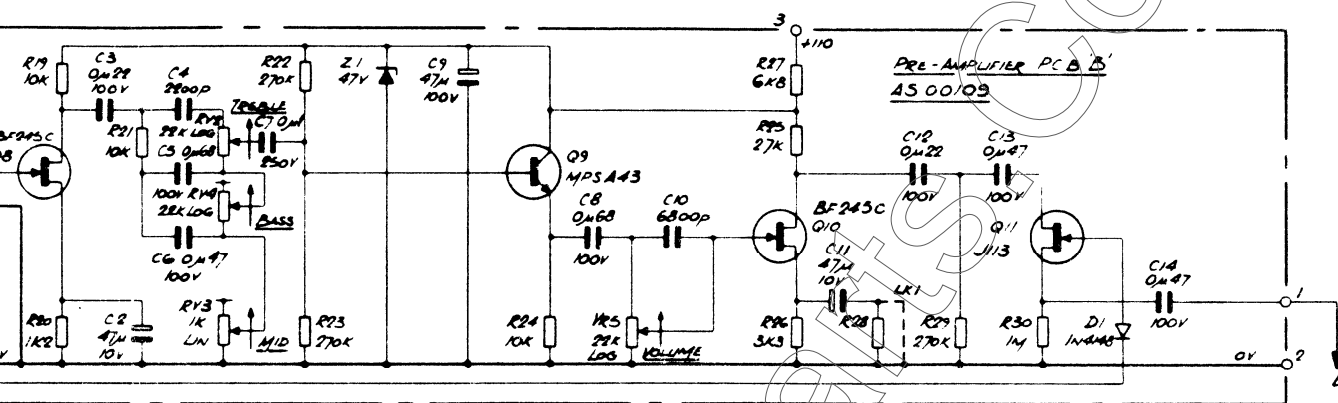

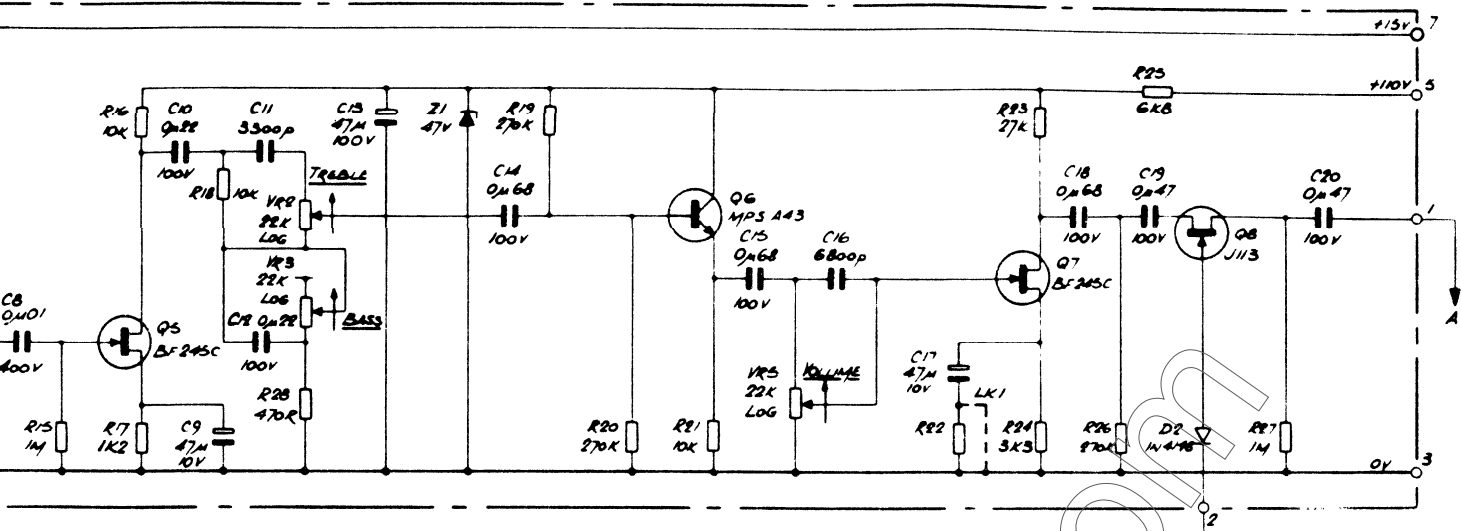

**It's ok to slightly cut into the black print, as documents contain an intentional extended overlapping printed area.**

**Only one trim cut is needed, then overlay as shown and tape.**
