

# KST-100 Switch replacement (with jumpers) Rev G

Solder a 6-pin inline header into one set of pads, and install two jumpers as shown

Header -->

Leave empty\* -->

\*NOTE: Rev C  
needs 2 sets  
(Don't leave  
empty)

Stereo Jumper  
positions

Mono Jumper  
positions

Double check to make sure, with different rev's.
