Ref. AN-027

**Subject: AGC TERMINALS OF THE FM PACK F-1085**  
**Model: 5000A, 5000X, Eight, TU-999**

Location of the AGC terminals on some FM packs is different from the others, however, their electrical characteristics are the same.

When replacing the FM pack, refer to the following terminal location.

### F-1085B9

### F-1085A, B, C
